### Inspection

All First Iowa Division (FID) participants must have their motorcar inspected before their first FID excursion of the year. Once your car has been inspected and certified as per the latest NARCOA rulebook, you will receive an inspection sticker. Equipment displaying the current year's inspection stickers will be considered adequate, and will not be inspected on any further FID excursions unless requested to do so.

Reminder, it is the operator's responsibility to inspect and verify their car entirely to insure it meets the criteria on both the NARCOA Rail Vehicle Inspection Form v4.0, and the latest NARCOA rulebook.

If your car needs inspected, please arrive at least one hour before the safety meeting so there will be time to have the inspection done.
